Contrast

To the Editor:

Sir—Our Central Intelligence Agency paid Francis Gary Powers \$30,000 yearly as a civilian pilot engaged in the U2 military mission over Russia. On trial in Moscow, he said he is sorry he had any part in it.

An American patriot, Nathan Hale, was 21 years old when he was executed by a British firing squad in 1776. His last words were "I regret that I have but one life to give to my country."

Quite a contrast.
